Further Information

AT VAUXHALL, WE BELIEVE GREAT VANS ARE FOR EVERYONE.

The Vivaro has a stylish look, featuring the now familiar vizor front-end together with a totally refreshed cockpit and infotainment systems that include a 10" touchscreen and wireless smartphone connectivity. Designed to perform with durability, practicality and comfort, Vivaro is built for business and continues to deliver class-leading payload and flexible loadspace.

There's now a total of 17 advanced driver assistance and safety systems, while the availability of an improved, all-electric powerplant and powerful yet efficient diesel engine range.

We're delighted you're considering the purchase of a new Vivaro and hope this guide will help you make the right choice for your business.

Please note, some vehicles illustrated may not feature the correct UK specifications. Please consult your Retailer for details.

PRIME

FEATURES

INFOTAINMENT

- Multimedia Pro
  - 10" HD colour touchscreen with wireless mirror screen
  - AM/FM/DAB digital radio
  - 4G connectivity
  - Voice control
  - Natural voice recognition
  - Two speakers and two tweeters
  - 1x USB
- Vauxhall Connect including Fleet Services (click **here** for details)
- Steering wheel mounted audio controls

INTERIOR CONVENIENCE/STYLING

- 10" colour digital instrument cluster
- Reach and rake-adjustable steering wheel
- Air conditioning
- Multi-function trip computer
- Paddle shifters for regenerative braking selection – light/medium/strong (Electric only)
- 12V socket in lower glove box (1 only in Cabin)
- USB socket in cabin (dashboard)
- Electrically operated front windows

SEATING

- Six-way adjustable driver's seat with lumbar adjustment and armrest
- Dual front passengers' bench seat with underseat storage

EXTERIOR CONVENIENCE/STYLING

- 16" steel wheels with centre cap and 215/65 R 16 tyres
- Black front/rear bumper, door handles, side protection mouldings, sliding door rail cover
- Nearside and offside sliding side-access doors
- Twin solid rear doors
- Emergency tyre inflation kit
- Single-phase 11kW Mode 3 Type 2 Onboard Charger with 6m cable (Electric only)

SAFETY/SECURITY

- Electronic power steering
- Selective door locking
- Remote control central deadlocking
- Engine deadlock immobiliser
- Two keys with integral remote
- Lockable fuel filler/electric charge flap
- Driver and front passengers' airbags
- Height-adjustable front seatbelts
- Electronic stability programme with traction control
- Anti-lock braking system
- Advance emergency braking system
- Full-height steel bulkhead
- Hill start assist
- Tyre pressure monitoring system
- Electric Parking Brake
- Intelligent speed assistance
- Lane keep assist
- Driver Attention Alert level 3 (NI is level 4, and includes Driver Drowsiness Camera)
- Cruise control with speed limiter
- Rear parking distance sensors

LIGHTING/VISIBILITY

- Electrically adjustable/heated door mirrors (manual fold)
- Automatic lighting control
- Daytime running lights
- Rain-sensitive windscreen wipers
- High beam assist

Doublecab

Additionally feature

- Driver and front passengers' curtain and side-impact airbags
- Three-individually contoured rear seats
- Full-height ABS plastic bulkhead with window
- Glazed nearside and offside-access doors

Panel Van
(Please note, FlexCargo, optional at extra cost.)

16" steel wheel with centre cap

Doublecab

17" alloy wheel (extra cost option)*

*For more details see Specifications – Exterior style, click **here**

Please note: Doublecab rear seating is not equipped with ISOFIX child seat mountings.

PRO

FEATURES (OVER AND ABOVE PRIME)

INFOTAINMENT

- Multimedia Pro NAVI
  - Fully integrated satellite navigation system

INTERIOR CONVENIENCE/STYLING

- FlexCargo load-through bulkhead
- Fold-flat centre seat backrest providing flat work surface
- 12V socket in load area (LHS at bottom of D-Pillar)

EXTERIOR CONVENIENCE/STYLING

- 17" steel wheels with full-diameter wheel trims and 215/60 R 17 tyres
- Exterior Look Pack:
  - Painted front bumper
  - Painted rear bumper (M only)
  - Painted rear bumper corners; centre section remains black (XL only)
  - Painted exterior rear view mirror cover – Black
  - Painted exterior handles
  - Painted side mouldings – Black
  - Painted sliding door rail cover

SAFETY/SECURITY

- Dynamic Surround View
  - Digital rear view mirror and lateral side view
  - Front & Rear Park Assist
  - Flankguard detection of fixed obstacles
  - Visiopark 180°
  - Blind Spot Detection
- Remote control security alarm system

LIGHTING/VISIBILITY

- ECO LED headlights with integrated daytime running lights
- Fog lamps
- Electrically foldable door mirrors

Please note, 17" silver alloy wheels, optional at extra cost

17" steel wheel with full-diameter wheel trim

17" alloy wheel (extra cost option)*

*For more details see Specifications – Exterior style, click **here**

GS

FEATURES (OVER AND ABOVE PRO)

INTERIOR CONVENIENCE/STYLING

- Dual-zone electronic climate control
- Keyless entry & start
- Wireless charging
- Heated steering wheel

SEATING

- Hand-crafted and fitted eco-leather seats with embossed GS logo, bold red stitching, and perforated material for ventilation
- Heated driver's seat

EXTERIOR CONVENIENCE/STYLING

- Exclusive Y-Spoke 18" alloy wheels fitted with high-load capacity Nankang tyres (225/50R18C)
- GS body kit featuring front lip spoiler, side skirts with integrated front mud guards, piano black rear spoiler and unique rear bumper
- Available in Quartz Silver (Metallic); Mercury Grey (Metallic)
- Unique GS Badging

SAFETY/SECURITY

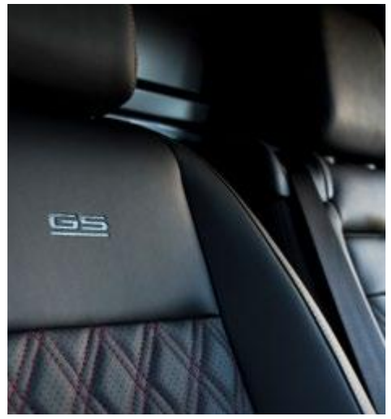

- 1st row thorax side airbags
- GS features Surround Rear View & not Dynamic (as standard on Pro)*. Surround Rear View features
  - Front & Rear Park Assist
  - Flankguard detection
  - Visiopark 180°
  - Blind spot detection
  - Foldable Exterior Mirrors.

*Does not include the Digital Rear View Mirror.

GS is produced as a Limited Edition – please discuss availability with your Retailer.

SAFETY FEATURES

1. Dynamic surround view
Incorporates a digital rear-view mirror with cameras above the rear door and in the nearside exterior door mirror, extending the view of traditional rear view mirrors.

The system features include:

- Side blind spot detection – Enables the driver to clearly see obstacles on the nearside.
- Visiopark 180° rear parking camera – Working with 12 parking sensors enables safer reversing as the driver is now able to view a larger area via the digital display screen. Automatically activates when reverse gear is engaged or the rear doors are opened.

2. Intelligent speed assistance
Recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

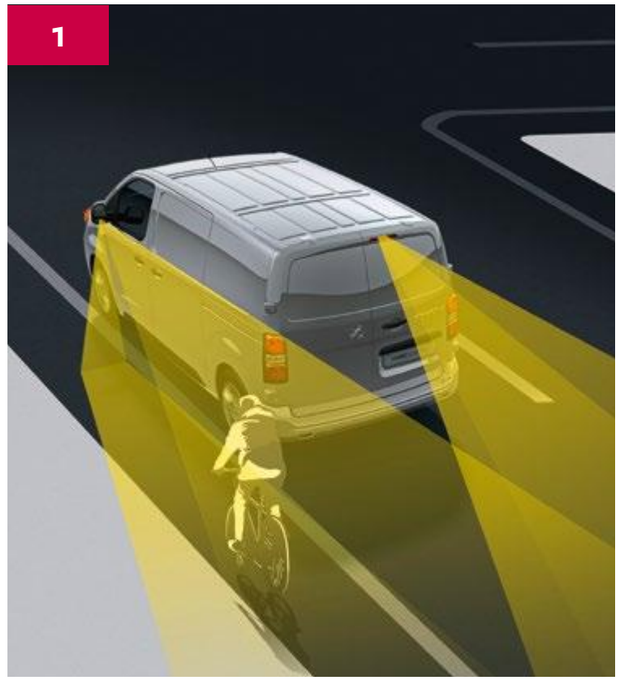

3. High beam assist
Switches the headlights between high beam and dipped beam automatically to avoid blinding other drivers.

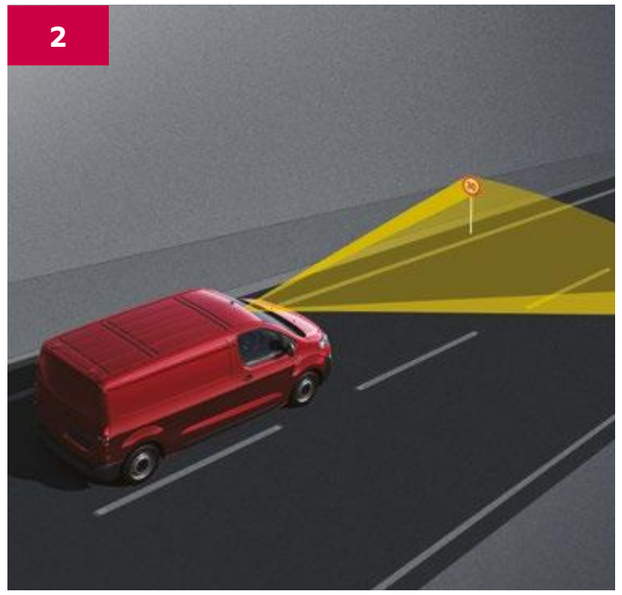

4. Lane keep assist
If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

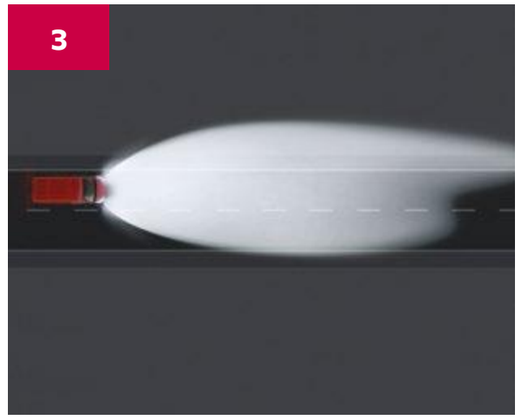

5. Active cruise control with stop and go facility
Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance – 19mph minimum with manual transmission. For models with automatic transmission, the system will bring the vehicle to a complete standstill if required.

Driver attention alert*
Monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front & A-Pillar cameras (NI only for A-Pillar Camera. Optional for GB) and steering wheel movements, and then warns you when it's time to take a quick break.

Forward collision alert incorporating Autonomous Emergency Braking System (AEBS)*
This system alerts the driver of a potential collision through a combination of visual and then audible warnings. Should the driver fail to react, Autonomous Emergency Braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Please note, Vauxhall driver assistance systems are intended to support the driver within the system-imminent limitations. The driver remains responsible for the driving task at all times. *Not illustrated.

PURECONNECT INFOTAINMENT

MULTIMEDIA PRO [ZJA6]

Features
- Multimedia Pro
  - 10" HD touchscreen with wireless mirror screen
  - AM/FM/DAB digital radio
  - 4G connectivity
  - Voice control
  - Two speakers and two tweeters
  - USB connection

Mobile phone portal
- Bluetooth® connectivity
- Vehicle microphone
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- Smartphone interface – Apple CarPlay™/ Android Auto™

Additional feature
- Flexible roof-mounted aerial

MULTIMEDIA PRO NAVI [ZJA9]

Features over Multimedia Pro
- Multimedia Pro Navi
  - Fully integrated satellite navigation system

Driver information
- 10" colour digital instrument cluster
- Multi-function trip computer
- Central fascia display – including audio information, clock and outside air temperature

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Special fleet colours (£750 exc VAT) are available on Prime Trim, please discuss with Retailer or Key Account Manager for more details.

Additional lead-time for special paint will be confirmed at order placement (event 25). Consult Retailer for details. The colours reproduced may vary slightly from the actual paint colour. As a result they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples.

*Optional at extra cost excluding VAT. **Standard exterior paint.

VIVARO ALSO INCLUDES A FLEET MANAGEMENT SERVICE OFFER....

PREVENTIVE MAINTENANCE

For 4 Years for customers managed by DEALERS

(B2C & SME)

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

For more details **click here**

For contact **click here**

4 YEARS TRANSFERABLE

VAUXHALL CONNECTED SERVICES

An intelligent range of Vauxhall Connect Services offers you a new level of safety and convenience – wherever and whenever you need it. Discover the Connect ONE and Connect PLUS service packages, which can support you every day.

CONNECT ONE package

A pack for Customers' peace of mind, with features for their safety and assistance.

Included for 10 Years (Free of charge)

- Over-The-Air Software Updates
- Emergency Call/Vauxhall Assistance Call
- Vehicle Health and Maintenance Alerts
- Games
- e-Coaching (BEV/PHEV only)
- e-Remote Control (BEV/PHEV only)
- e-Routes by Free2move Charge (BEV only)
- e-Solution Charging by Free2move Charge (BEV/PHEV only)

CONNECT PLUS package*

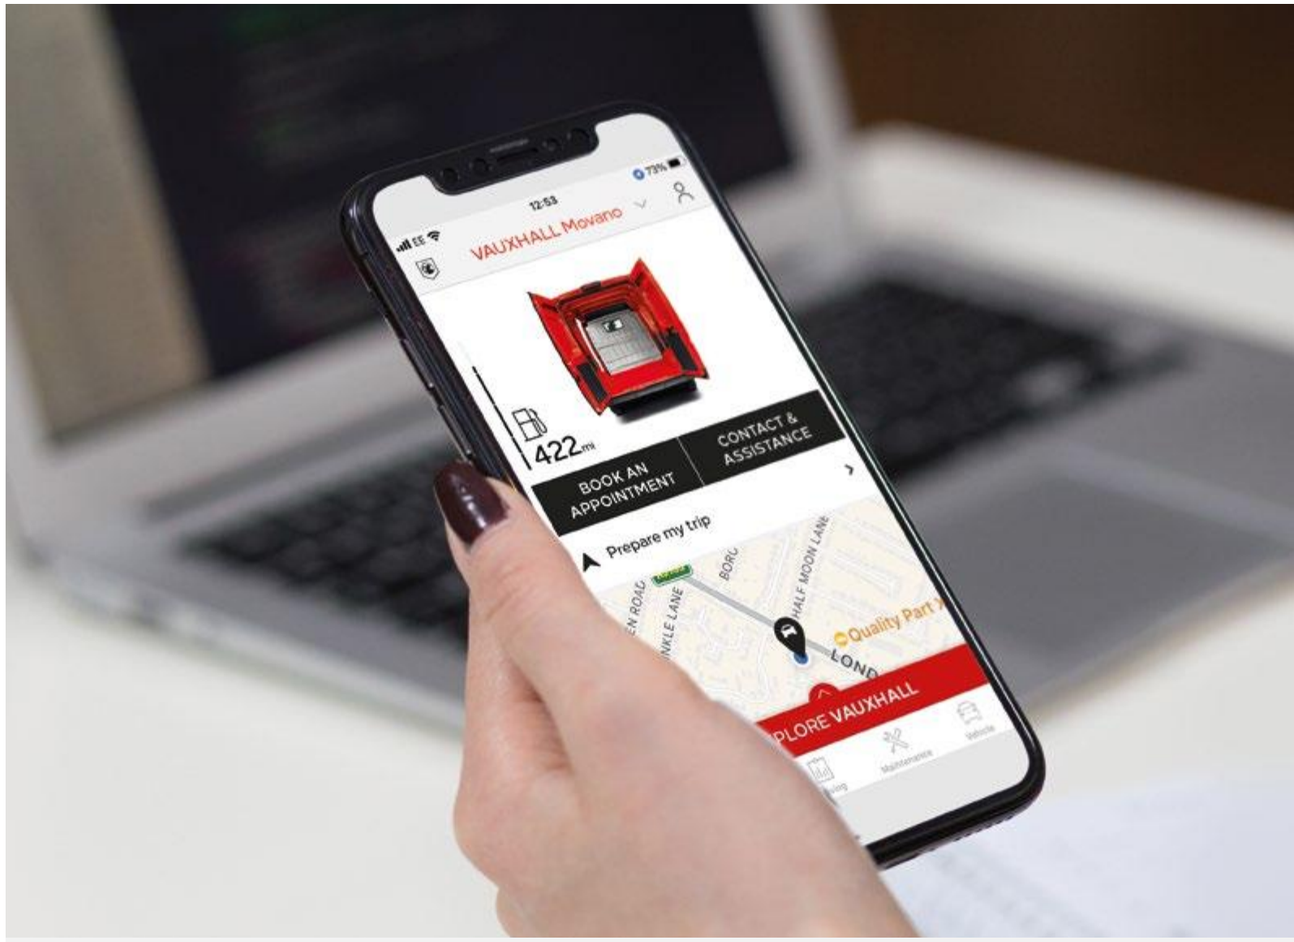

A pack to offer a tech-savvy experience on-board and off-board, with vehicle remote management and assistance aids to help improve every journey.

6 Months Free Trial (Subscription service)

- Connected Alarm
- Remote Control
- My Trip Report – Driving statistics
- Find My Car
- Vauxhall Skill for Alexa™
- ChatGPT
- Real-Time Navigation by TomTom®†
  - Real Time Traffic
  - Speedcams
  - Fuel Price
  - EV Public Charging
  - Weather Forecast
- Maps Update Over-The-Air†
- Send to Nav (App to vehicle)
- EV Trip Planner/EV Routing Embedded

For more information visit **connect.vauxhall.co.uk**

*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: **connect.vauxhall.co.uk** **via MyVauxhall App. †Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Explore MyVauxhall

Ready to make life easier? Meet MyVauxhall – your one-stop shop for everything Vauxhall.

Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

Download MyVauxhall now!

PUREENERGY ELECTRIC

SINGLE-SPEED ELECTRONIC DRIVE SELECTOR

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

DRIVE MODE SELECTOR

The driver can determine the driving style by selecting one of the following modes:

- **Normal (109PS):** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **Power (136PS)**: with high power reserves for the highest top speed and torque. Recommended at full capacity
- **ECO (82PS):** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

CHARGING

Vivaro Electric comes fitted with an 11kW on-board charger and mode 3 cable. For more details please consult your local Retailer.

Need help with home or public charging? Check out Vauxhall's Plug & Go partnership with Octopus.

Click here to find out more

octopus energy

BRAKING

Energy recuperation
The regenerative braking system works when the vehicle is in motion. Energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can engage braking mode through the drive selector or use the paddle shifters to select the choice of regeneration – light/medium/strong.

Single foot driving experience
The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Pre-conditioning prior to a journey enables the cabin to be set to a comfortable 21ºC for a defined starting time. Whilst plugged into charger this feature can minimise impact on range of climate control. This function can be access via the Climate Screen of Infotainment unit or via the MyVauxhall App (subscription required.)

PUREENERGY ELECTRIC

Single Phase Wallbox (7.4kW) – Type 2 Socket	11h 20m (100%)
Three Phase Wallbox (11kW) – Type 2 Socket	7h 30m (100%)
Rapid (DC) Charging (100 kW) – CCS Socket	45m (5 to 80%)

The Vivaro Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

S/S = Start/Stop.

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures. The CO_2 figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Side door aperture height	1241
Rear door aperture width	1282
Rear door aperture height	1220

*Maximum load floor length along centre can be impacted by rear door locking mechanism – approximately 50mm.

GLOSSARY OF TERMS

PLATED WEIGHT

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

KERB WEIGHT

The Minimum Mass minus the driver's weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

MINIMUM MASS

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load/EV battery. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

GROSS VEHICLE WEIGHT (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

GROSS COMBINATION WEIGHT (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

PAYLOAD

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

ROOF LOADS

Roof load should not exceed 100kg including the weight of the roof rack/carrier.

MAXIMUM TOWING WEIGHT

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

COMMERCIAL VEHICLE CATEGORIES

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)
Category M: Passenger carriers

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:
Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

CONVERSIONS

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders and converters: **converters-and-stellantis.com**

This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (eK9/K9); Vivaro (eK0/K0); Movano (eX250/X250).

- Conversion Guidelines
- 2D Drawings
- 3D CAD
- WLTP Range/Emission Calculator
- Technical Questions
- Conversion Approval including LONO

Any converter of Vauxhall product should create an account on this portal, including those using the IVA approval process.

FURTHER INFORMATION

VAUXHALL ON-THE-ROAD RECOMMENDED RETAIL PRICES (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer, 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.*

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new vehicle, but you must take delivery as soon as the vehicle is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance.

CUSTOMER CARE COMMITMENT

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

VAUXHALL ASSISTANCE

Vauxhall Assistance is provided automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents and mechanical breakdowns to flat tyres. For even more peace of mind, for fully electric models the cover is extended† to 3 years. With Vauxhall Assistance help is literally just a free†† phone call away, 24 hours a day, 365 days a year!

VAUXHALL EXTENDED WARRANTY

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

VAUXHALL SERVICE PLAN

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise, see **vauxhall.co.uk/discover/here-for-you.html**

PROTECTING THE ENVIRONMENT

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see **vauxhall.co.uk/recycling**

IN THE EVENT OF AN ACCIDENT...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit **vauxhall.co.uk/AccidentManagement**

PROFESSIONAL CENTRES

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Professional Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

LEASYS

LEASYS UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.
